MUSIC COMPOSITION, EMPHASIS

The Bachelor of Fine Arts (BFA) degree with an emphasis in Music Composition develops the artistic talents, awareness of the business side of contemporary music making, and the unique compositional voice of each student. This degree provides the student with a well-balanced education in historical forms and contemporary trends in preparation for entry into the fields of music production, arranging, and music technology.

Course Requirements

Title

💎 - General Education Course

Code

Milestone course: a key success marker for your major. See your advisor to discuss the importance of this course in your plan of study.

The Core Curriculum is designed to foster critical thinking skills and introduce students to basic domains of thinking that transcend disciplines. The Core applies to all majors. Information on specific classes in the Core can be found at https://www.marshall.edu/gened/.

Non-Music Elective 3			
MUS 100	Applied Music Laboratory (8 semesters)	0	

¹ MUS 217, Jazz Theory, 4 hrs., may be substituted for MUS 212 and 214.

Major Information

All students desiring entry into the B.F.A. degree, the music
education program, or the music minor must be formally admitted
to the music program. This admittance is based upon an audition
in the student's major performance area (instrument or voice) and
an interview with the area faculty. Students desiring to enter the
music composition area of emphasis should be prepared to show

evidence of composition in music. Students should contact the music office to arrange for an audition and interview.

- All coursework in the music and music education majors must be completed with a grade of C or above. A course with a grade of D or F must be repeated with at least a grade of C to count for graduation or be used as a prerequisite for another required course.
- All music and music education majors are required to pass a piano proficiency examination prior to the capstone semester. Successful completion of MUSP 124 Class Piano IV satisfies this requirement.
- In addition to university and degree program requirements listed under the Bachelor of Fine Arts, candidates for the B.F.A. in music must complete 73 credit hours of study in music, divided into the core curriculum of 18 credit hours and 55 credit hours devoted to one of four areas of emphasis.
- Thirty-nine (39) credit hours must be earned in courses numbered 300-499.
- No course in the major requirements for graduation may be taken Credit/Non-Credit unless the course is so specified.
- Upon completion of the fourth semester of 100-level applied music study on the principal instrument, students must pass a sophomore hearing for promotion to upper-division (300-level) applied music study on the principal instrument.
