

ENGINEERING SCIENCE, MINOR

Contact: Dr. Gregory Michaelson, P.E., Interim Associate Dean
(michaelson@marshall.edu)

A student may be awarded a minor in engineering science by completing 15 credits of ENGR or CE. Two courses are required, ENGR 213 Statics and ENGR 216 Mech of Deformable Bodies, and at least six credits must be 300-level or 400-level engineering courses. A student must complete all the required prerequisites and have at least a 2.0 average in courses taken and applied to the engineering science minor.
